Bad Experience With Dan Warner

I do not recommend Daniel Warner.

Absolutely the worst experience. I got sucked in during the typical 150.00 interview. After plunking down 20k then another 20k I realized Dan Warner did not have have a clue to what he was doing. He liked to chit chat on the phone a lot and bill thousands of dollars each week but never did what he said he was going to do. He would then talk about the same issues the next week and bill all over again. As I researched a bit deeper I found more complaints on Dan Warner and his firm Kelly Warner Law, Ultimately i started questioning his billing and Dan Warner headed for the hills. My review here is a warning to stay as far away from this firm as possible. Check around and call someone else that actually knows what they are doing..
